

PRESS RELEASE

Elanix Biotechnologies Appoints Baader Bank as a New Designated Sponsor and goetzpartners securities for Corporate Broking

Berlin, Germany, 23 January, 2018 -- [Elanix Biotechnologies AG](#) (FRA: ELN), a developer of tissue regeneration products and specialty cosmetics in dermatology and gynecology, announced today that it has appointed Baader Bank AG as a new designated sponsor and the independent advisory firm, goetzpartners securities Limited, as corporate broker.

As a designated sponsor, Baader Bank will provide liquidity for the ongoing trading of the company's shares on the Frankfurt Stock Exchange, matching bid and offer quotes. goetzpartners securities Limited will be Elanix's financial advisor on corporate broking. It will assist Elanix in its capital markets efforts.

“Baader Bank is an established market maker at the Frankfurt Stock Exchange and dedicated broker in the GSA region, and goetzpartners has a strong, well established and specialised investor network. With these appointments, Elanix will be able to expand its visibility and access to the investment community. Elanix is proud to partner with these recognized financial firms,” said Tomas Svoboda, CEO of Elanix Biotechnologies.

Baader Bank AG is one of the leading investment banks across the German-speaking region. As a family-run, full-service bank headquartered in Unterschleissheim near Munich with 450 employees, it is active in the business segments of Market Making, Capital Markets, Multi Asset Brokerage, Asset Management Services, Banking Services and Research. For more information visit www.baaderbank.de

goetzpartners securities Limited is a leading life-sciences focused pan European investment bank based in St Pancras Square, London, providing corporate broking services and offering its corporate clients direct and well-established institutional buy-side access. It is a member of the **goetzpartners Group**, an independent advisory firm with more than 350 professionals operating out of 14 offices in 11 countries. For more information visit www.goetzpartnerssecurities.com/

Elanix develops and commercializes tissue regeneration products for acute wound care, dermatological and gynecological applications, and provides services in cell technologies. The company was founded in 2012 as a spin-out from the University Hospital of Lausanne

(CHUV), Switzerland, to commercialize a patented human progenitor cell technology. Progenitor cells are fully differentiated yet immunologically neutral cells that are very potent inducers of tissue growth and healing. Elanix owns GMP certified Master and Working human cell banks with vast quantities of cells.

Elanix has registered headquarters in Berlin, Germany, with offices in Wiesbaden, Germany and Nyon, Switzerland. It is listed in the Regulated Market on the Frankfurt Stock Exchange under the symbol ELN.F. For more information and updates, visit www.elanixbiotechnologies.com.
